The Horsham Lions Club grants scholarships to graduating high school seniors **residing in Horsham Township**. The scholarships are awarded to help high school seniors with their post-graduate study at a college, university or trade school. The award is given directly to the student, not the attending college, therefore can be used for any expenses connected with attending college. The scholarship selection committee views the applications "blindly" and winners are selected by the criteria listed below.

Since the inception of our scholarship program, the Horsham Lions Club has presented more than \$150,000 in scholarship money to local Horsham Township students.

The amount and quantity of scholarships varies each year. This year, **3 scholarships** are available: the Hankin Scholarship (\$1000) is given in memory of Max & Janet Hankin, longtime Horsham residents and Horsham Lions supporters. Without their generosity and the support of their family, these scholarships would not be possible; and two other scholarships (\$750 each).
